

Saboro Lounge - Blogger Reviews (Blogs)

Best pizza in Jakarta. "Wicked Spoon" pizza is topped with a generous amount of mushrooms, tomatoes, and cheese. The pizza is served on a white plate and is a great choice for a quick meal.

The Saboro Lounge is a great place to enjoy a healthy meal. The salad is fresh and delicious, and the atmosphere is relaxed and comfortable.

It's always hard to find a place that has a good atmosphere, good food, and a great location. But at Saboro Lounge, they have it all. The food is delicious, the atmosphere is relaxed, and the location is perfect. I highly recommend this place to anyone looking for a great meal in Jakarta.
